appellant. Appellant may note that there is a clear mention in the orders of former CIC in CC: 05 of 2010 which is reproduced as under:-

*"that this obligation under Section 6 of the Act is to transfer the application to 'that other public authority' and not to public ' authorities'. The expression used in Section 6 is 'authority' and not 'authorities'. Simply put, the PIO is expected to transfer a request which does not relate to him but has nevertheless been received by him, one identifiable authority. He is not expected to transfer such a request if information is held by many or a number of authorities. The rational is that a PIO is not a post office or a coordinator for forwarding requests from information seekers to various departments. Legislature has merely facilitated the information seekers by empowering PIO who inadvertently receives request pertaining to another PIO to forward it to the concerned PIO".*
