AC.No. 2367 of 2018

(37 Indiscriminate and impractical demands or directions under RTI Act for disclosure of all and sundry information (unrelated to transparency and accountability in the functioning of public authorities and eradication of corruption) would be counter-productive as it will adversely affect the efficiency of the administration and result in the executive getting bogged down with the non-productive work of collecting and furnishing information. The Act should not be allowed to be misused or abused, to become a tool to obstruct the national development and integration, or to destroy the peace, tranquility and harmony among its citizens. Nor should it be converted into a tool of oppression or intimidation of honest officials striving to do their duty. The nation does not want a scenario where 75% of the staff of public authorities spends 75% of their time in collecting and furnishing information to applicants instead of discharging their regular duties. The threat of penalties under the RTI Act and the pressure of the authorities under the RTI Act should not lead to employees of a public authorities prioritising 'information furnishing', at the cost of their normal and regular duties.)

4. After hearing both the parties and gone through the case file, respondent is directed to provide copy of resolution no. 31 and copy of completion certificates pertaining to the year 2012 to 2017. He is also directed to file an affidavit stating that there is no other information which is pending in the office record of the respondent and there is nothing left to be furnished to him.

5. To come up on **22.07.2019 at 11.00 AM**. Copy of the order be sent to the parties.
