4. After going through the RTI application, the Commission observes that the sought information enumerated in RTI application is **not specific and vague**. Under Section 7(9) in The Right To Information Act, 2005. (9) An information shall ordinarily be provided in the form in which it is sought unless it would disproportionately divert the resources of the public authority or would be detrimental to the safety or preservation of the record in question. Therefore, the appellant is advised to ask specific information point wise.

5. In the light of above, the Commission observes that the sought information enumerated in RTI application is **not specific**. Appellant can only **ask** for **specific** information under **RTI Act**, 2005. However, appellant may mention what exact information as defined under Section 2(f) read with section 2(i) & 2(j) of the **RTI Act**, which will be provided.

Therefore, the respondent authority is justified in denying the information sought pertaining to point no. 2 of RTI application, hence the case is **disposed of** accordingly.
