AC No. 2545 of 2022

(37 Indiscriminate and impractical demands or directions under RTI Act for disclosure of all and sundry information (unrelated to transparency and accountability in the functioning of public authorities and eradication of corruption) would be counter-productive as it will adversely affect the efficiency of the administration and result in the executive getting bogged down with the non-productive work of collecting and furnishing information. The Act should not be allowed to be misused or abused, to become a tool to obstruct the national development and integration, or to destroy the peace, tranquility and harmony among its citizens. Nor should it be converted into a tool of oppression or intimidation of honest officials striving to do their duty. The nation does not want a scenario where 75% of the staff of public authorities spends 75% of their time in collecting and furnishing information to applicants instead of discharging their regular duties. The threat of penalties under the RTI Act and the pressure of the authorities under the RTI Act should not lead to employees of a public authorities prioritising 'information furnishing', at the cost of their normal and regular duties.)

6. Hence the respondent is directed to point out specific information within 15 days from the receipt of this order. Regarding point no. 2 and 3, the appellant is directed to file fresh RTI application with concerned department, if he wish so.

Further PIO is directed to come present on the next date of hearing. From the next date of hearing, no person below the PIO or APIO will be allowed to appear.
