“The appellant is seeking adjournment due to her occupation with some other urgent affair.

The respondents are also evasive. The Commission directs the respondents to allow her the inspection of the relevant record after fixing mutually convenient date & time and furnish her certified copies of the documents not beyond fifty pages.”

The case has come up for hearing today. The appellant is absent on trot. The respondents say that vide their communication dated 14.01.2019 the appellant was requested to have

the record inspected. However, a couple of requests made to the appellant have gone abegging. They further say that the relevant file is with the government which is probing the matter.

The information sought, by and large, is in the nature of a fishing and roving operation. An indiscriminate and generalized information is being asked for. The Commission is not inclined to be a tool in such an operation which shall disrupt the normal functioning of the public authority. The information sought is desirable to be distinct and precise with the intention to serve a public cause. The appellant has shown no inclination to pursue the issue as she is absent on consecutive hearings without notice or any communication. In the scenario the Commission is not inclined to further intervene in the matter.

Disposed.

ORDER

The case has been heard through video conferencing.

The following order was passed by the Commission on 16.01.2019:

"It is a long standing case. The appellant had sought to know the details of the challan issued by the respondents and other allied documents in case of an unauthorized structure having come up in the municipal limits of the town of Ludhiana.

Sh. Ravinder Singh appearing on behalf of the respondents submits that he has been suitably informed. It transpires that they have sent a terse reply to him that no document on this score exists. The Commission is not inclined to accept this contention. The PIO is hereby desired to file a detailed reply about the facts of the case with a copy to the appellant before the next date of hearing positively. Simultaneously, he shall explain his conduct in having failed to respond within the stipulated period. Be it noted that no further opportunity shall be afforded."

The case has been taken up today. Sh. Harjit Singh, Draftsman has come present on behalf of the Respondents. He has drawn the attention of the Commission to a letter issued by

them on 22.03.2019 which reflects on the various actions taken by the respondents to chastise the builder for his act of illegal construction. He reiterates that the available information was provided to the information seeker. The appellant has denied the receipt of any information. He has asked for the copies of the challan and demolition order which according to the respondents were never issued by the Municipal Corporation. Obviously, the record which is not available cannot be provided. As the appellant is absent a final opportunity is afforded to him to react on the submissions made by the respondents.

ORDER

The case has been heard through video conferencing.

The following order was made by this forum on 16.01.2019:

"The complainant is present in video conferencing at Gurdaspur. He denies having received any information.

Nothing has been heard from the respondent. None is present on their behalf as well. The Commission takes serious view of cavalier attitude on the part of the respondents. It directs them to provide the information to the applicant forthwith. The PIO should explain his conduct for having failed to comply with the provision of the RTI Act."

"The case has come up today. The respondents are again absent. However, they have communicated to the Commission that the information though is very old but however with their strenuous efforts the same was traced and sent across to the appellant. It transpires that the

-2-

Constitution as well as the Memorandum of Association registered with them by the Society in consideration has been sent to him. The appellant is interested to know as to whether any amendments thereafter have been made by them in their Memorandum or the Constitution. They are advised to apprise him of the same also before the next date of hearing positively.

The Commission would like to underline that the matter is hanging fire since a year and the respondents already rendered themselves liable for penal action. Any further dereliction shall be taken very seriously.”

“The case has again come up today. Despite the express order passed by the Commission, the respondents have failed to file a reply with the Commission. A final opportunity is afforded to them to ensure the compliance of the aforementioned observations failing which the penal consequences shall follow.”

The case has again come up for hearing today. The respondent has submitted in writing that no record beyond the one already supplied to the appellant, is available with them. The logical corollary is that no amendment in the Memorandum of Association or Constitution of the Society has taken place. The Commission feels that the available information has been provided to the complainant. No further intervention of the Commission is called for.

Disposed.

The case has been taken up today for hearing. The appellant admits having received the record. However, he alleges some irregularities and misappropriations in execution of some works by the concerned sarpanch. It is not within the domain of the Commission to have such issues probed. The Commission would desire the District Development and Panchayat Officer, Fazilka to have it looked into.
